

Lab - Research Docking Stations

In this lab, you will use the Internet, a newspaper, or a local store to gather information and then record the specifications for a laptop docking station. Be prepared to discuss your decisions regarding the docking station you select.

1. Research a docking station compatible with a laptop. What is the model or part number of the docking station?
2. What is the approximate cost?
3. What are the dimensions of the docking station?
4. How does the laptop connect to the docking station?
5. List some of the features available with this docking station.
6. Is this docking station compatible with other laptop models?
