Student Customer Sheet

Use the contact information and problem description below to report the following information to a level-two technician:

Contact Information

Company Name: JH Paint Supply

Contact: Jill Henderson

Company Address: 114 W. Main Street

Company Phone: 1-888-555-2143

Problem Description

Well, the problem does not always seem to be there. Typically, not all computers on the network are used all of the time, so everything seems to be fine. On some busy days, every computer is being used, and there is always one computer that cannot connect. I cannot figure out what the problem is because it is not usually on the same computer. When a computer cannot make connectivity, I check to make sure all cables and connections are fine.

Note: After you have given the level-two tech the problem description, use the Additional Information to answer any follow up questions the technician may ask.

Additional Information

- Windows 7
- Computer has no new hardware
- Computer has not been moved recently
- An extra computer was added to the network recently
- Computer looks the same as it did yesterday
